January 10, 2019

To any prospective employer of Ms. Brianne Dobson,

I am writing to recommend Brianne Dobson for secondary language arts teaching positions. I have had the pleasure of working closely with Brianne in multiple capacities during her time at our school, and her outstanding skills in education never cease to amaze me. I have worked with Brianne both as a language arts teacher as well as working together on our school's RTI Committee. I have had the opportunity to observe in-person her capabilities as a teacher.

One of Brianne's most valued skills at our school is her advocacy for students. She clearly cares about her students and is passionate in making sure that they are given every opportunity to be successful. Brianne has been immersed in our PLC culture, and as a valuable part of our team, she consistently helps identify those students who may be at risk. She contributes ideas that we can utilize to help each individual student master standards. She is also able to identify and manage the behavior of students who struggle.

Brianne is also able to work effectively with co-workers, making her a great addition to the team. Brianne brings an ever-optimistic attitude to our department. She always has a smile and a kind word to say about everybody. She sets a positive tone both in her own classroom and with the entire faculty. Brianne is known to follow through on any assignment given. We have learned that if we need something done, we can always count on her - even if it is last-minute. She is a teacher who doesn't get flustered by the logistics required of managing a large number of students - including communicating with parents and administrators as needed. I have enjoyed watching the way she has grown and excelled here at Copper Mountain Middle School.

With her abilities, adaptability, and dedication, Brianne would make a great educator anywhere. Any school would be lucky to have her as a faculty member. If you have any questions, please feel free to contact me at the above address.

Sincerely,

Julie Frix
